SAVE THE DOWNTOWN FROM AN EAGLES SERVICE STATION

We, the undersigned citizens and residents of Chatham County, oppose the proposed Eagles Gas Station/Convenience Store/Restaurant and Car Wash, for the following reasons:

- Service Station Complexes belong at major highway intersections, not in Town
- Traffic on East Street is terrible currently, and this project will make it worse
- There are important environmental considerations on that lot
- There are severe stormwater problems on that lot
- The proposal is adjacent to important historic buildings
- Neighbors will be severely impacted by the lights, petroleum, car wash traffic
- The Town already has 8 service stations, 8 convenience stores & 3 car washes
- It is not needed, and would be a disaster to the Downtown Vision Plan
